**REPORT ON REVIEW OF FINANCIAL RESULTS FOR THE HALF YEAR ENDED
30TH SEPTEMBER, 2014.**

To,

The Board of Directors,
Karnataka Neeravari Nigam Ltd.,
Coffee Board Building,
Bangalore –560001.

INTRODUCTION

1. We have reviewed the accompanying Statement of unaudited financial results of Karnataka Neeravari Nigam Limited for the half year ended 30-09-2014. This statement is the responsibility of the company and has been taken on record and approved by the Audit Committee of Board of Directors.

SCOPE OF REVIEW:

2. We have conducted our review in accordance with Standards on Review Engagement (SRE) 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. A review of financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

BASIS FOR QUALIFIED CONCLUSION:

3. *Attention is drawn to Notes 2 to the unaudited financial results, that these results have been prepared following the same Accounting Policies as were applicable while preparing the financial statements for the financial year ended 31st March 2014. We are of the opinion that the following Accounting Policies/practices of the company require review:*

- a) *Non Provision for liability in respect of additional quantity of works executed by the contractors, crop compensation to farmers and land owners, worker welfare cess prior to 1st November 2006 and New defined contributory Pension Scheme;*
- b) *The apportionment of administrative charges, other general overheads and actual date of capitalization which is not in accordance with Accounting Standard 10 on Accounting for Fixed Assets issued under the Companies (Accounting Standards) Rules, 2006;*
- c) *The apportionment of the administrative charges and other general overheads preliminarily on the basis of consolidated assets in progress which is not in accordance with its Accounting Policy and Accounting Practices of apportioning over completed assets and assets in progress.*
- d) *The non allocation of expenses during construction period up to the date of capitalization which is not in accordance with the Accounting Policy of the Company;*
- e) *For the purposes of depreciation, the life of assets transferred from the Government and the life of assets capitalized during the year (other than moveable assets) and added to the original assets, have been considered as if these were new at the time of capitalization which policy requires review as depreciation in terms of Accounting Standard 6 is to be provided over the residual useful life of the asset;*
- f) *The company is making provision in the books in respect of "demands" for water charges outstanding for collection more than 3 years. It is however observed that the recoveries are not significant vis-a-vis the demand and hence as a prudent measure the provision in our opinion ought to have been based on the estimated recoveries;*
- g) *The excess allocation of EDC which is not quantifiable, on those assets amounting to Rs.319.06 Crores, completed and put to use in earlier years but capitalized during the period uniformly on 1st April 2014;*

- h) *The charging of depreciation by the Company on Assets held for transfer to Government –Harinala Project. We are of the opinion that as “assets held for transfer” are not assets held by the company for the purpose of its business, accordingly depreciation charged up to 30-09-2014: Rs.477.93 lakhs including depreciation for the period Rs.37.04 Lakhs made in the accounts requires to be reversed by credit to the appropriate accounts;*
- i) *The Company states that it is not possible to ascertain whether there is an impairment loss and make necessary provision in the accounts. We are of the opinion that the “value in use” has to be established, as the present cash flow from supply of water does not meet the cost of operations and as there is no precedence of the transfer of Irrigation Infrastructure in an arm's length transaction.*
- j) *The non recognition of revenue due from KPTCL in the absence of an agreement.*
- k) *The allocation of borrowing costs to the qualifying assets as on date instead of to the qualifying assets of the year in which the borrowings are made, is not in Compliance with Accounting Standard 16 on Borrowing cost issued under the Companies (Accounting Standards) Rules, 2006.*

4. Attention is also drawn to following Notes to the Results:

- a) *Note 4(j) that provision towards gratuity and leave encashment made on estimated basis, the adequacy of which could not be determined.*
- b) *Note 4(k) that the depreciation based on useful life of asset as per Schedule II of the Companies Act, 2013 will be adhered to only while finalizing the accounts for the year ending 31.3.2015, the consequential effect of which could not be ascertained.*

QUALIFIED CONCLUSION:

5. Based on our review, with the exception of the matters described in the preceding paragraphs 3 and 4, the effect of which could not be quantified, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited
